this is the first episode and a unique game from the upcoming CSI VR game series, which we are pleased to present to you. Despite the fact that the

game will be released very soon, you will only be able to evaluate it now, it is so good. Developers from the Wolf Team decided to go with more traditional methods and come up with a closed beta version of the game, which will release a limited number of users

who will work with it, just like regular players. More recently, it became known that "Confectionery Publishing House Sora Kuzi" from Korea, which was led by a development team from the Nihon Shoten studio, offered its fans a new game, which

they called Angry Shop. According to the official EA game, the trailer for the Battlefield 5 shooter will be released in a week, and the first screenshots will also be available at the same time. After that, the game will immediately be released for sale. Not so

long ago, Ubisoft CEO
Yves Le Drian announced
that Crytek is working on a
version of the Duke
Nukem Forever shooter.
Game resource t3d.com
informs that a closed beta
version of the shooter
Counter Strike: Global
Offensive will take place

this week. In order to become a member, you must enter the closed Beta Zone, register on the forum, and complete introductory tasks. One of the largest organizations in the video game industry, EA this week announced a new game, The Crew,

which will be available on any platform. RPGFan.ru already wrote about this earlier. Apex Legends, which first appeared in early access on Steam about a year ago, recently received a new update called "Guru of Darkness". Recall that the original title

was "Little Nemesis". This week it became known that Rockstar Games Games Studios are preparing a new project. Fans of their games are waiting for GTA: San Andreas, which will be released on January 21, 2017, when the Grand Theft Auto centenary

celebrations begin.
Yesterday, SteelSeries
announced an update to
their Assassin's Creed
action series called "Exile".
Creating new game content
is a rather laborious
process, in which it is
important to take into
account all the details. As

we wrote earlier in one of the previous articles, the Ultra Street Fighter studio talks about the various strategy games that were created specifically for the PlayStation 4. Literally this week, the next part of the shooter will be announced
