Grand Theft Auto III is an open world action adventure and is considered to be the first installment of the GTA series, released in September 1997 for the PlayStation. It is the first game in the series to incorporate full 3D graphics instead of 2D sprites or arcade-style side-scrolling. It allows players to explore the fictional city of San Andreas and embark on various heists and missions. Grand Theft Auto III was a massive critical success. It has sold 15 million copies worldwide. Grand Theft Auto III lets you explore a massive city. You can drive any vehicle you want, do any mission, engage in any illegal activity you want. It's up to you. Grand Theft Auto III was a massive commercial success, selling over 40 million copies worldwide. Grand Theft Auto III is the first game in the series to have a complete single player mode. Grand Theft Auto III is a dual-platform game (including Macintosh), with PlayStation and Macintosh versions. GTA III was the first game in the series to be developed primarily for PlayStation, with the Macintosh version added later on. The game features at least three endings depending on the player's performance on the missions. The game includes side activities that are not related to the main story. Grand Theft Auto III is available on PlayStation, PlayStation 2 and GameCube. Grand Theft Auto III is a part of the Grand Theft Auto series. It was the first game in the series, with the Xbox and PlayStation 2 versions of Grand Theft Auto IV being the latest release. Download Grand Theft Auto III 2012.
