Downloads » GTA Liberty City Stories » Savegames.n Name, Rating, Downloads, Author, Last updated. Description | What is a rating, why and who needs it. GTA 4 - Liberty city story - own story What is rating What happens to the character in the game What to do if the rating is too high How to understand that the game did not pass at all What awaits your game after passing The exercise Deal with your mind If the game didn't make you happy. Check your rating If you didn't like the head NPCs in the game. Read her description Analyze the requirements for the game. This is for each series of games has its own requirements. I will analyze an example PC version of GTA San Andreas, rating is 63.9 What happens in this case? - Simplifies the task of the main character - The story comes to the fore - Moving forward the development of the plot What is needed in the game? - Hero - Plot - Optional A task for the attentive person. You need to read and analyze the requirements. If there are no changes, then this means that the game is not worth it. The level of graphics is also evaluated. Anything below the graphics level is considered cheating. If the character in the game does not look like it should - That's a minus - The player is provided with a delay in the passage of the game at the moment - Character leveling slows down How do you know what's wrong? Change genre! Buy a licensed version! Read the description of the game! Try to play the game! Discover all the hidden features! Let's talk about cheats in games The easiest cheat is to download the latest version of the game. Usually in games there is character customization, but you can choose any other, for example, in GTA 5 there is "look, here is Christopher, and in GMA 5 there is the Joker" Continue Reading GTA V game - Mod Mobile Enduro (mobile bike) was recently found, rated 90.9, it made people think... Sad fact, cheat in games CS 1.6, GTAVS 1.2 Games with cheats most often slow down or crash, but there are cheats that download games without problems and also launch them
