The Cutsцене kill all the enemies of all the characters!. Ctrl+S on XBOX1, Control+Num4 on PS3. I'm going to get the other cheat code out soon. This game has alot of cutsцене code to change. The trainer works with the Full Version of Assassin's Creed: Valhalla. All Levels and bosses are in godmode. If you are a pro at this game just turn off the godmode and you should be able to get to the next level in no time. You must do the whole level on godmode, both normal and difficult. If you have the same thing happen, just go back to where you were and begin again. Dont leave a situation thinking it would be easy to just continue in godmode. The game gets hacky if you do that. And be sure you have the cheat code for all the

the following: Left, Right, Down, Up.  
Please see cheat codes above (1.0). God  
Mode: If you are playing on hard  
difficulty (or more difficult) and press the  
up and down buttons and you go past the  
new light area (area before the game  
starts), the game will reset. This will allow  
you to play through the game level faster.  
You will not find this when going through  
the area with the difficulty down. When  
you die (if you still have progress), you  
will lose progress. So when you die on  
hard difficulty, before dying, you will  
want to jump into God Mode. If
