Tarnished Battle System

The Tarnished Battle System is a new battle system based on PvP, where the advantage lies with who knows how to use skills. You can readily experience the thrill of PvP by battling and defeating enemies, even when there are other players in the area.

There are two main skills: Physical Attack Skills and Rage Attack Skills. When you strike an enemy while attacking, you can inflict a certain amount of physical damage and condition the enemy, or, if there are less enemies nearby, you can give yourself a Rage Attack. If you then defeat an enemy, you can attack continuously so as to inflict even more damage and condition the enemy.

Falling back is key to defeating monsters and levels up a vital skill that becomes stronger as your character levels up. Use the skills efficiently to learn to defeat enemies and increase the Battle Rank!

RPG Elements

In order to achieve powerful results with your Battle Rank, your character has to recover its battle energy with food. By acquiring new foods and collaborating with allies in the field, your character can more effectively handle the nine types of condition stacks that can occur during Battle. Spend your Battle Rank with your favorite foods and enhance the amount of energy that you recover!

Elden Ring is an action RPG with RPG elements, where the battle enters a new battlefield with unparalleled battle. In order to battle well, attack well, and evolve your character, it is key to improve the condition of your Battle Rank.
