escape (2007) gwen stefani - the sweet escape (2006) On September 19th, Matt Skiba was interviewed by Georgia radio stations  
The Bull and The Sun during the band's "Earthquake Summer Tour". A fan asked Matt about the band's name and why it was  
taken. Matt had this to say, Why do you guys have such a dark name? "You can't say that, it's like we didn't sign up for this. But  
yeah we actually had our name picked out for a long time. But we kind of changed it to something positive for some reason. We  
haven't figured that out quite yet." If this question just means "Why is the band called HANDS OF MURDER?", then Matt has  
answered that question already. He explained the concept in a recent interview, talking about Being a musician is constantly  
creating and re-creating yourself. You kind of go into the room and start playing but the creative process is different than if  
you're in a movie or you're in a studio because in a record studio you're working with other people. On our end there's just a lot  
of blood, sweat and tears that goes into it but it's nice to have a dark name because it's our record, it's a product that we're  
creating. We actually created the record to be a bit dark. We just felt like with what we've done so far the record was kind of  
dark, it doesn't make us look cool or anything but we wanted to do something kind of new, we haven't done that for a long time.  
Matt's replies to the question about the meaning of the name show that it may have just been just a label decision, that they  
didn't have a meaning, or that it really wasn't him as an artist, writer, producer, etc. "I don't really know what it means exactly.
