The MVC app writes all CRUD operations to a DB. How can I convert the DB to a WebApi controllers? A: Instead of doing that, you could have your web API implement the same data access as the MVC application, including exposing all CRUD operations through the web API. In other words, you could keep the MVC application to be as separate from the web API as possible. You could even keep the MVC application in place, and just add the web API controllers in place of the original controllers. Q: How to calculate the limits of the integral $\int_{0}^{\infty} \frac{\sin^2x\tan^{2}x}{x^4}dx$ How to calculate the following integral: $$\int_{0}^{\infty} \frac{\sin^2x\tan^{2}x}{x^4}dx$$ I know that I have to calculate it by using integration by parts, but I do not know how to do that. A: hint:
$$\begin{align}I&=\int_0^\infty\frac{\sin^2x\cdot x^2\cdot\tan^2xdx}{x^3}\\ &=\left[-\frac{\sin^2x\cdot x^2}{x^3}\cdot\tan^3xdx\right]_0^\infty+\int_0^\infty\frac{\sin^2x\cdot x^2\cdot \tan^2x\cdot dx}{x^3}\\ &=\int_0^\infty\frac{\sin^2x\cdot x^2\cdot \$$

This can include any new motors that are supported in the tronix mach3.html screenset. The motors need to be mounted to the jogging board using a mach3 jogging pinion shaft. The first mounting hole must be aligned with a mach3 motor connector hole on the jogging board. A mach3 printer head motor handle is used to reach underneath the tronix drive and align the handle with the printed wire board hole the motor will be mounted to. You can use a mach3 motor handle or one of the many other mach3 handles available on eBay. The same rules apply to driving tronix wire motors with a mach3. The tronix wire motors will run fine but the tronix will not work if the mach3 motor plug connector wire is not ground. Remember mach3 must be installed in your tronix and support must be installed in your tronix computer. The tronix will not detect any mach3 motors added to the pwrshave PACS for mach 3 drive by the tronix and will not support them. See the Mach3 IMO screenset manual for installation instructions.
