1/3

The adventures of the gods are legion. Having brought peace to every corner of the Earth, Poseidon was eager to continue his travels. To aid him on his voyages, a friend from Olympus approached him with an idea: Why not bring his merry band of heroes to sea? Playing as one of twelve gods, you'll help Hercules lead his team through various challenges to bring peace to the mortal realm. Your quest will take you on a matching journey packed with hours of addictive fun. Create chains of shimmering tokens to remove obstacles and collect magical items that will aid you in your expedition. And enjoy diversions along the way, such as puzzle boards that will challenge your mind. The entire experience is wrapped in a dazzling visual and audio package. Your eyes will pop as your screen lights up with a fiery display after you create a long chain or unleash a bonus that wipes out half the game board. And you'll be treated to an exotic original soundtrack as you play levels and behold the underwater realm you've brought to life. Download Heroes of Hellas Origins: Part One today to explore untouched realms of adventure! Team: Game: Heroes of Hellas Developer: Xtreme PlayersQ: How to get the current image URL in Xamarin.forms with a C# I have a button with an image. I want to when click on the button to open the image in the picturebox but I have no idea how to do it. private void OnCamClicked(object sender, EventArgs e) { // HOW TO GET IMAGE PATH IN THE C#? if (image.Source == null) { image.Source = new Uri(Path); } else
